

IMBER/LOICZ Continental Margins Open Science Conference

****Early-Bird Registration Deadline – 15/05/2007****

<http://www.confmanager.com/main.cfm?cid=792>

Dear Colleagues,

Please note that the **early-bird registration** deadline for the joint IMBER (<http://www.imber.info/>) and LOICZ (<http://www.loicz.org/>) Continental Margins Open Science Conference is **MAY 15, 2007**. You will be able to register electronically through the conference web site only.

The conference will be held in September 17-21, 2007 at East China Normal University (ECNU), Shanghai, China.

It will provide a discussion platform for highlighting the most recent advances in the field and try to identify emerging directions and future research challenges. The conference is open to all students and scientists involved in biogeochemical cycles and ecosystems in the continental margins.

Please remember that the **deadline for online abstract submission** is **1st June**.

We encourage scientists and students to submit their abstract for oral or poster presentation to one of the following sessions:

1. Session 1) Ocean-Shelf biogeochemical Exchanges
2. Session 2) Continental Shelf Biogeochemistry and Couplings with Benthic Systems
3. Session 3) Continental Shelf Carbon in a High CO₂ World
4. Session 4) Continental Shelf Ecosystems from High to Low Latitudes
5. Session 5) Integrated Observations and Modeling: Visions and Reality
6. Session 6) Eutrophication and Oligotrophication in Coastal Systems
7. Session 7) Low Oxygen on Continental Shelves
8. Session 8) Sustainable Use of Continental Shelf Resources

We sincerely hope that you will be able to participate.
